

Opt-Out Form

Through the Flexibility Pilot Project and continuing with High School Redesign, William E Hay has made a commitment to building relationships within our school. One of our foundational principles and goals as a high school is to foster and create positive relationships between every student and at least one adult within our building. Over the past 6 years, we have seen a tremendous cultural shift. In 2007, a survey conducted by our school, showed that 2 out of 10 students felt cared for by an adult in our building. This was a big concern for administration and staff. From this result we developed our current TA program, have been more invested in building relationships outside the context of curriculum and have participated in programs like Challenge Day. In February of 2013, students answered overwhelmingly positive that they feel that there is at least one adult who knows them well and they have a positive relationship with. We hope to maintain this positive result.

We feel as a school, it is very important for students and staff to begin investing in relationships with one another early on. One of the ways we facilitate this, is to provide an opportunity for our Grade 9 and Grade 10 students to participate in Challenge Day.

The goal of the Challenge Day Program is to build community and to help stop the teasing, violence and alienation that is so deeply a part of the school experience for millions of young people every day. Challenge Day is a powerful and transformational day that can change the way people view each other forever. It is a day of fun, friendship and new possibilities.

For Grade 10 students Challenge Day will take place at the school on:

Tuesday, October 25, 2016 from 9:00am to 3:15pm.

Adults are needed to assist with the day(s). Parents/Guardians are invited to take part in this program as Adult Participants. This can be a wonderful experience for youth and adults alike. If you would like to volunteer, please contact:
